Student declaration

International Students I am aware that if a Confirmation of Enrolment (CoE) extension is granted by MIT that this does not guarantee the Department of Home Affairs will approve a visa extension. I understand it is my responsibility to consult with the Department of Home Affairs. If my CoE extension application is declined, I understand it is my responsibility to gain a CoE from another provider or leave the country. I understand that MIT does not take any responsibility for fees associated with a visa extension.	
International and Domestic Students I understand that the maximum amount of time granted for an extension is between two (2) and four (4) trimesters, depending on the length of the course. I have paid next trimester's tuition fees in full.
